FOUR GOULD SENIORS NAMED SEMI-FINALISTS IN MERIT COMPETITION

Headmaster Edmond J. Vachon has announced that four seniors at Gould Academy have been named semifinalists in the 1966-67 Merit Scholarship competition.

The students cited for their high achievement are Peter Howard of Orrington, Savannah Stinnett of Rockport, Eugene Tebbets and Stephen Trinward of Bethel. Tebbets is the son of Mr. and Mrs. John Tebbets and Trinward the son of Dr. and Mrs. John Trinward.

They are among the highest-achieving students in the state of Maine on the National Merit Scholarship Qualifying Test, administered last spring in 17,500 schools nationwide. More than 14,000 semifinalists were appointed across the country. They constitute less than two thirds of one per cent of the graduating secondary senior population.

The semi-finalists can advance to finalist status by receiving the endorsement of their schools, substantiating their qualifying test performance on a second examination, and submitting information about their achievements and interests. All Merit scholars for 1967 will then be selected from the finalist group.

CHURCH OF THE OPEN BIBLE TO HOLD MISSIONARY CONFERENCE, OCT. 6-7

The spiritual, moral and economic conditions in foreign countries will be discussed thoroughly in a two-day missionary conference to be held Thursday, Oct. 6, and Friday, Oct. 7, at the Church of the Open Bible, Bethel. Rev. Milton Gross is the host pastor.

The conference is being held in cooperation with 35 churches throughout the New England area. This major Round Robin Conference is under the sponsorship of the Northeastern Gospel Crusade. Dr. Bruce L. Morgan is the executive secretary. The headquarters are located in South Newbury, Vt.

Missionaries taking part, Rev. Richard Sanford, Eastern Department director, New Tribes Mission.

Services will be held nightly beginning at 7 p. m. with a showing of slides or film by one of the missionaries.

The public is cordially invited to attend any or all of the sessions.

HUNTING OUTLOOK EXCELLENT IN MAINE

Prospects for hunting success this season in Maine are excellent, according to the Maine Department of Inland Fisheries and Game. One of the three principal factors involved in a successful season—the supply of game—is right up to par. Another variable factor—the number of hunters—is expected to be in line with previous years, also.

The third major variable—the weather—is, as usual, the unpredictable one. Weather so far this year has been favorable for game birds and animals. The woods are in good condition, and there is little danger of forest fire, as of the start of the small game season.

The deer herd appears in good shape. Game biologists and wardens report that deer are plentiful in most sections of the state. Last winter was a little more severe than the previous two winters, but apparently it ended before taking any significant toll in the deer population, as sometimes happens in a hard winter.

Buffed grouse populations are according to reports from the field, are present in good numbers in most areas. Nesting success appears to have been high, and large flocks were seen this summer in considerably greater numbers than usual. Only a few early frost areas of the state report partridge not up to average numbers.

Field reports on the woodcock are also favorable. With an increase in breeding population last spring about like that of 1965 and with at least average conditions for nesting and brood rearing, we can expect another outstanding year of hunting for timberland.

As usual, the department's game farm, with clubs and individuals co-operating, produced the annual goal of 30,000 pheasants. The stocking of these birds in suitable covers began early in September.

Duck hunters, too, can look forward to a good supply of birds. This year's duck regulations are more liberal than they have been for quite a few years. The outlook for goose hunting is good, also.

Beaver hunting has been in progress since June, but the season has been fairly light so far. It might be expected through the summer months when there is little interest in hunting. The bear kill is expected to be as the fall hunting season gets underway.

Deer season dates and regulations are the same as last year. Details on all hunting and trapping regulations are spelled out in the law booklets which are available from license agents or from the Fish and Game Dept. office in Augusta.

The Ladies Extension, Buckfield, is organizing a Defensive Driving course. This is for those persons who already have driver's licenses and is aimed to improve one's driving. The instructor will be trained and certified by the National Safety Council. It is hoped the course may get underway early in October.

A new dormitory is under construction at Hillsum Academy. It is scheduled for opening early in 1967. It will be occupied by freshmen.

Students of Buckfield High School are preparing to produce an all-school play to be given Nov. 4 and 5. The play is a comedy, "Beware of Murder." It has an all-star cast.

Major Alpheus Spring Chandler, USAF, who graduated from Hillsum Academy in 1922 returned on Tuesday to address the academy boys and faculty. Chandler, who is 33, has flown every plane used by the Air Force, with the exception of the B-58 Hustler. He has gained world renown as a stunt flyer and has been an instructor in the Air Force.

20 SECONDS WITH THE NAZARENE

If I were God
 And man made a mire
 Of things: war, hatred,
 Murder, lust, cobwebs,
 Of infamy, entangling
 The heart and soul
 I would sweep him
 To one side and start anew.
 (I think I would.)
 If I did this,
 Would I be God?

All boys must be accompanied by at least one of their parents at these meetings. New boys planning to register should bring fee of 50 cents. Den Mothers should also attend this meeting, since boys will be assigned to their Dens at this time.

ARMY TO AWARD 400 SCHOLARSHIPS

College scholarships for 400 outstanding high school seniors will be awarded again this year, the U. S. Army has announced.

The scholarships will be good at any of 247 colleges and universities in the United States offering the Reserve Officer Training Corps (ROTC) program. Students can choose their own field of study and the only requirement will be that they take ROTC.

Selection is based on academic excellence, extracurricular activities, physical standards, results of college entrance examination boards, personal qualities, and leadership potential. The Army is looking for the very best.

This is the third year of the Army scholarship program. Last year 400 high school graduates were selected. The scholarships pay full tuition, textbooks, and laboratory fees, and provide a \$20 monthly allowance for four years.

High school seniors, their parents or teachers can get information by writing: ROTC Scholarship, First U. S. Army, Fort Meade, Maryland 20755. Deadline for submission of completed applications is 15 January 1967.

However, College Entrance Examination Board Scholarship Application Tests must be completed no later than December 1966.

The ROTC Vitalization Act of 1964, under which the Army program is conducted, authorizes additional scholarships each year under a maximum of 5,500 are in effect in any one school year.

Upon graduation from college the scholarship students are commissioned second lieutenants either in the Regular Army or a Reserve Component. They fulfill their military obligation by serving for four years on active duty.

Deer season dates and regulations are the same as last year. Details on all hunting and trapping regulations are spelled out in the law booklets which are available from license agents or from the Fish and Game Dept. office in Augusta.

HUSKIES VICTORIOUS IN SECOND GRID CLASH

Slow - starting Gould Academy won its first football game in two starts on Alumni Field in Bethel last Saturday afternoon, defeating Wilton Academy 21-14. It was the third straight loss for the visiting Eagles.

Wilton scored in the first period when Gary Baker juggled a Husky punt back 25 yards to the Gould 35. Six plays later Hahlon Sargent broke off tackle four yards for a touchdown. The conversion try failed and the Eagles led 6-0.

Gould took the lead to stay in front in the second period when Bob Remington intercepted an Eagle pass and ran to the Wilton 26. George Nickerson passed to Warren Tibbets for the touchdown and Nickerson kicked the extra point to make it 14-0 at half-time.

The Huskies scored early in the third period traveling 37 yards in five plays. Nickerson

NOTICE

The Boy Scout Campfire which was to have been held in Bethel this week-end will instead be at Canton, because of the recent outbreak of rabies.

We appreciate all the help that was offered as we planned the Campfire and hope that we may be able to hold one in Bethel sometime in the future.

BETHEL P. T. A. HELD YEAR'S FIRST MEETING SEPT. 20

The first P. T. A. meeting of the school year was held at Crescent Park School, Tuesday evening, Sept. 20, with the Rev. Robert Jackson, president, presiding.

The report of the treasurer showed a balance of \$31.70. This low figure is a result of paying the hot lunch deficit of \$300 for the last school year. Ralph Ryder delivered a message of appreciation for this service.

A motion was carried to turn the committee nominations over to the Executive Council which consists of the P. T. A. officers and school principal, Mr. Royne.

Volunteers for library duty were called for and duly selected. The meeting was then turned over to Mr. Royne, who discussed the advantages and disadvantages of grouping systems in general, but centering on the one currently in use at Crescent Park.

The fourth grade won the attendance banner. The next meeting will be held Tuesday, Oct. 12, at Crescent Park School.

BRIDGE WORK PROGRESSES

Construction of the new bridge spanning the Androscoggin towards Mayville from Bethel village is moving along with near completion of two piers. The project has a completion date of July 1967. Callahan Bros. of Mechanic Falls is the contractor.

CORRECTION

The article on page four, third column of last week's edition made the Anti Poverty Program appear more of a spendthrift than its detractors assert. The cost of teaching each Zuni Indian to manufacture jewelry that their tribe has been making for generations is only \$4,000 as against \$40,000 stated by the National Federation of Independent Business.
